SmartDrawer™

Multiple Levels of Control in a Small, Simple to Use and Expandable Cabinet Solution

SupplyPro introduced the concept of individual compartment control in a standard shop floor cabinet at the Point-of-Use. The versatile SmartDrawer solution allows users to choose the best level of access control, and accountability, for each application. SmartDrawer lids can be set to provide Absolute Control® for single-item dispense and return, or part number level control for higher-density management. The choice is yours.

SmartDrawer is available for new shop floor cabinets or can be retrofitted to existing cabinets – drawer-by-drawer.

Plug and Go!

Easy to implement, SmartDrawer can be a stand-alone unit or combined with other SupplyPro devices for tailored dispensing solution. It's not just a machine for dispensing, with SupplyPro you also get SupplyPort, the industry's leading data management backbone, and our full staffing for implementation and on-call support services. Find out more today!

You Can Use It or Return It!

SmartDrawer is ideal for managing consumable and returnable materials:

- Production components
- Critical spare parts
- Cutting tools
- MRO and safety supplies
- Welding supplies
- Electrical parts
- Calibrated tools and instruments
- Hand and power tools
- Maintenance spares and parts
- Radios
- Vehicle keys
- Fixtures and tool holders
- And much much more...

Supply
Pro

Fail Safe
Technology

- Secure transaction capture in the event of an Internet failure using "store forward" technology
- Items selected in error can be easily returned
- Servers hosted by AT&T at their regional operations center
- Plug and Go technology!

SmartDrawer Features

- **Easy User Interface** - Pick-to-light with simple searching and item selection
- **Quick Pick Transactions** - Lid level picking with tailored business rules such as take and return, check-in/check-out, take only, lock-down, etc.
- **Full Usage Audit Trails** – See the item, who used it, where it was used
- **Choose Access Control** – By individual item or part number level
- **Mix and match** – Add more devices or mix other SupplyPro devices

Choose Multiple Lid Configurations in One Device for Maximum Adaptability

2 Lid Configuration
Standard Density
Opening: 10.83"W x 20.07"H*
(275mm x 509.8mm)

4 Lid Configuration
Standard Density
Opening: 10.83"W x 9.50"H*
(275mm x 241.3mm)

8 Lid Configuration
Standard Density
Opening: 4.96"W x 9.50"H*
(125.98mm x 241.3mm)

12 Lid Configuration
Standard Density
Opening: 10.83"W x 2.21"H*
(275mm x 56.1mm)

16 Lid Configuration
High Density
Opening: 4.96"W x 4.02"H*
(125.98mm x 102.1mm)

24 Lid Configuration
High Density
Opening: 4.96"W x 2.21"H*
(125.98mm x 56.1mm)
